

TECHNICAL DATA

XC 9020

GENERAL

Type	Console unit
Function	Copying
Printing technology	Indirect electrostatic system
Fusing method	Heat and pressure
Copy format	min 210 x 297 mm (A4), max 914 x 3,000 mm
Original format	min 210 x 297 mm (A4), max 914 x 3,000 mm
Original thickness	min 0.05 mm, max 0.2 mm
Copy speed	3.6 m/min
1st copy/warm-up time	33 seconds (A0)*8 minutes
Exposure control	2 x 7 steps
Paper feed	1 roll, single sheet feed
Paper weights	Standard paper 64–90 g/m ² , tracing paper 90 g/m ² , transparencies 120 g/m ²
Paper output	In front
Continuous copying	1-19
Zoom	1:1

DIMENSIONS/WEIGHT

Dimensions	580 x 1,293 x 460 mm (W x D x H)
Weight	approx. 125 kg

ENVIRONMENT

Mains voltage	220/240 V, 50/60 Hz
Power consumption	max 1,560 W
Noise level	approx. 55 dB(A) in operation, approx. 50 dB(A) in stand-by mode

OPTIONS

Other options	Cabinet

STUNNING COPIES BY THE METRE.

The perfect blend of efficiency and functionality means the XC 9020 never fails to impress when it comes to large-format copy jobs. Plus, by delivering 3.6 m per minute of top-quality copying, it really is a machine you can rely on. The possibilities are truly endless with this professional copier. You choose what you want to copy onto: standard paper, tracing paper or even transparencies. The choice of format is yours too! You decide whether the length of the copy should exactly match that of the original or whether all documents should be copied in a specific size. Once the original has been read, the XC 9020 can produce up to 19 multiple copies. And that's not all! By performing a test-run, you can be doubly sure that everything meets your requirements, which not only keeps the original in excellent condition but also saves you precious time. To achieve optimal precision, this large-format champion boasts 14 different threshold values, which selects the setting best suited to your original. If your document is starting to look a little dog-eared and showing signs of age, don't worry! The XC 9020 can remove the background at the touch of a button.

Thanks to its well thought-out construction, the XC 9020 stands out when it comes to ease of use. From inserting the original to paper feeding, and from copy output to refilling the toner, all the basics are located on the system's front panel, meaning they are always within easy reach of the user. For something of such power this office giant takes up surprisingly little space!
