

40%

of business activity relies on information captured in documents - a great deal of which are printed.

A Managed Print Service
can help govern this output efficiently

HERE'S HOW...

PRINT AUDIT

Audit looks at how you currently print and copy documents to provide recommendations – reduce costs | increase efficiency | improve sustainability

The right mix of print/copy devices to suit your needs

Considers who prints what, why and at what cost

JUST-IN-TIME TONER DELIVERY

- ✓ No cupboards full of costly/obsolete toner cartridges
- ✓ No more time spent sourcing and ordering toner
- ✓ No more monitoring toner consumption or stockpiling 'just in case' we run out

REMOTE MONITORING

Quick diagnosis and service response

Automatic meter readings

Simplified billing – no surprises

All your imaging costs, toner and maintenance in one bill for easy budgeting

MPS

Can reduce your print and copy costs by up to:

30%
